For projects funded by other sources, MBE, WBE or SLBE requirements will apply.*
- D. For this project, there is no diversity goal established.
- E. **Non-discrimination.** Proposers shall not discriminate on the basis of race, color, creed, age, sex, sexual orientation, gender identity, national origin, or disability in the performance of this project. The Proposer shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of contracts. Failure by the Proposer to carry out these requirements is a material breach of the resulting contract, which may result in the termination of the contract or such other remedy as KCATA deems appropriate.
- F. **Recognized Certifications.**
1. Disadvantaged Business Enterprises (DBEs) and Small Business Enterprises (SBEs). These programs apply to federally funded projects. KCATA will only recognize firms that are certified as DBEs/SBEs under the DOT guidelines found in 49 CFR Part 26. A directory of KDOT certified firms may be found at <https://kdotapp.ksdot.org/dbcontractorlist/>. *MBE and WBE certifications from other agencies will not be counted toward DBE/SBE participation.*
 2. Minority Owned Business Enterprises (MBEs), Woman Owned Business Enterprises (WBEs) and Small Local Business Enterprises (SLBEs). These programs apply to non-federally funded projects. Each firm's signed MBE or WBE certificate will need to be included in their bid

4. Sixty percent (60%) of the total dollar amount paid or to be paid by a Prime Contractor to obtain supplies or goods from a supplier who is not a manufacturer and who is qualified as a diverse firm. If the diverse firm is a manufacturer of the supplies, then one hundred percent (100%) may be credited, to be determined on a case-by-case basis.
5. NO CREDIT, however, will be given for the following:
 - a) Participation in a contract by a diverse firm that does not perform a commercially useful function as defined by the Program; and
 - b) Any portion of the value of the contract that a diverse Subcontractor subcontracts back to the prime contractor or any other contractor who is not qualified as a diverse firm; and
 - c) Materials and supplies used on the contract, unless the diverse firm is responsible for negotiating the price, determining quality and quantity, ordering materials, installing (where applicable), and paying for the material itself; and
 - d) Work performed by a diverse firm in a scope of work other than that in which the firm is currently certified.

6. **Good Faith Efforts.** Failure to meet the contracted diversity participation commitment without documented evidence of good faith efforts may result in termination of the contract.

a) In evaluating good faith efforts, KCATA will consider whether the Proposer has performed the following, along with any other relevant factors:

2. Soliciting through all reasonable and available means (e.g., attendance at pre-proposal conferences, advertising, and/or written notices) the interest of all certified diverse firms who have the capability to perform the work of the contract. The Proposer must solicit this interest within sufficient time to allow the qualified firms to respond to the solicitation. The Proposer must determine with certainty if the firms are interested by taking appropriate steps to follow up on initial solicitations. Copies of the solicitation efforts (dated facsimiles, advertisements, emails) must be submitted.

3. Selecting portions of the work to be performed by diverse firms in order to increase the likelihood that the diversity goals will be achieved. This includes, where appropriate, breaking out contract work items into economically feasible units to facilitate diversity participation, even when the prime contractor might otherwise prefer to perform these work items with its own forces.

4. Providing interested diverse firms with adequate information about the plans, specifications, and requirements of the contract in a timely manner to assist them in responding to a solicitation.

4. Negotiating in good faith with interested firms.

5. It is the Proposer's responsibility to make a portion of the work available to diverse subcontractors and suppliers and to select those portions of the work or material needs consistent with the available diverse subcontractors and suppliers, so as to facilitate diverse participation. Evidence of such negotiation includes the names, addresses, and telephone numbers of diverse firms that were considered; a description of the information provided regarding the plans and specifications for the work selected for subcontracting; and evidence as to why additional agreements could not be reached for diverse firms to perform the work.

6. A Proposer using good business judgment would consider a number of factors in negotiating with subcontractors, include diverse subcontractors, and would take a firm's price and capabilities as well as contract goals into consideration. However, the fact that there may be some additional costs involved in finding and using diverse firms is not in itself sufficient reason for a Proposer's failure to meet the contract diversity goal, as long as such costs are reasonable. Also, the ability or desire of a prime contractor to perform the work of a contract with its own organization does not relieve the bidder of the responsibility to

make good-faith efforts. Prime contractors are not, however, required to accept higher quotes from diverse firms if the price difference is excessive or unreasonable.

7. Not rejecting diverse firms as being unqualified without sound reasons based on a thorough investigation of their capabilities. The contractor's standing within its industry, membership in specific groups, organizations, associations, and political or social affiliations (for example union vs. non-union employee status) are not legitimate causes for the rejection or non-solicitation of bids in the contractor's efforts to meet the project goal.
8. Making efforts to assist diverse firms in obtaining bonding, lines of credit, or insurance as required by the KCATA or contractor.
9. Making efforts to assist interested diverse firms in obtaining necessary equipment, supplies, materials, or related assistance or services.
10. Effectively using the services of available minority/women community organizations; minority/women contractors' groups; local, state, and Federal minority/women business assistance offices; and other organizations as allowed on a case-by-case basis to assist in the recruitment and placement of diverse firms.
11. In determining if the Contractor did use good faith efforts in securing participation by qualified diverse firms, KCATA may request copies of each subcontractor quote (diverse and non-diverse) in the event a non-diverse subcontractor was selected over a diverse for work on the contract.

7. **Request for Modification, Replacement or Termination of Project Participation by a Diverse Firm.** The contractor is responsible for meeting or exceeding the diversity commitment it has proposed for the project and as amended by any previously approved Request for Diversity Modification/Substitution. Any change orders or amendment modifying the amount Contractor is to be compensated will impact the amount of compensation due to the diverse firms for purposes of meeting or exceeding the Proposer commitment. Contractor shall consider the effect of a Change Order or amendment and submit a Request for Modification/Substitution if the diversity commitment changes.

a. **Termination Only for Cause** - Once the contract has been awarded; the Contractor may not terminate a diverse subcontractor without KCATA's prior written consent. This includes, but is not limited to, instances in which a Contractor seeks to perform work originally designated for the diverse subcontractor with its own forces or those of an affiliate, a non-diverse firm, or with another diverse firm.

b. **Good Cause** - Good cause includes the following circumstances:

- 1) The listed diverse subcontractor fails or refuses to execute a written contract;
or

- 2) The listed diverse subcontractor fails or refuses to perform the work of its normal industry standards. Provided, however, that the good cause does not exist if the failure or refusal of the subcontractor to perform its work on the subcontract results from the bad faith or discriminatory action of the Prime Contractor; or
 - 3) The listed diverse subcontractor fails or refuses to meet the Prime Contractor's reasonable, nondiscriminatory bond requirements; or
 - 4) The listed diverse subcontractor becomes bankrupt, insolvent, or exhibits credit unworthiness; or
 - 5) The listed diverse subcontractor is ineligible to work on public works projects because of suspension and debarment proceedings pursuant to 2 CFR Parts 180, 215, and 1200 or applicable state law; or
 - 6) The diverse subcontractor is not a responsible contractor; or
 - 7) The listed diverse subcontractor voluntarily withdraws from the project and provides the Prime Contractor written notice of its withdrawal;
 - 8) The listed subcontractor is ineligible to receive diversity credit for the type of work required;
 - 9) The owner of the diverse firm dies or becomes disabled with the result that the listed contractor is unable to complete its work on the contract;
 - 10) Other documented good cause that compels KCATA to terminate the diverse subcontractor. Provided, however, that the good cause does not exist if the Prime contractor seeks to terminate a diverse firm it relied upon to obtain the contract so that the Prime Contractor can self-perform the work for which the diverse contractor was engaged or so that the Prime Contractor can substitute another diverse or non-diverse contractor.
- c. Before submitting its request to terminate or substitute a diverse subcontractor, the Prime Contractor must give notice in writing to the diverse subcontractor, with a copy to KCATA, of its intent to request to terminate and/or substitute, and the reason for the request.
- d. The Prime Contractor must give the diverse firm five days to respond to the Prime Contractor's notice and advise the KCATA and the Contractor of the reasons, if any, why it objects to the proposed termination of its subcontract and why KCATA should not approve the Prime Contractor's action. If required in a particular case as a matter of public necessity (e.g., safety), the response period may be shortened.

SECTION 4
BID EVALUATION, ACCEPTANCE AND AWARD

A. Bid Evaluation

1. It is the intent of the KCATA to award a contract to the responsive and responsible bidder whose bid conforming to this IFB, is the lowest in price and, in KCATA's sole discretion, the most advantageous to the KCATA. **Factors such as discounts, transportation costs and life cycle costs will be considered in determining which bid is lowest in price.**
2. A responsible bidder possesses the ability to perform successfully under the terms and conditions of the proposed contract considering matters including Contractor integrity, record of past performance, and financial and technical resources.
3. The low bidder will be required to demonstrate its ability to provide the times and/or perform services contained in the solicitation, in a timely manner, to the complete satisfaction of the Authority. Doubt as to technical ability, productive capability, and financial strength which cannot be resolved affirmatively may result in a determination of non-responsibility by KCATA.
4. If the low bidder is eliminated, then the second lowest bidder will be required to demonstrate its ability to perform services as described herein. This process will continue to the next lowest bidder until a bidder successfully meets the specification requirements.
5. KCATA reserves the right to investigate the qualifications of all bidders under consideration to confirm any part of the information furnished by a bidder, or to require other evidence of managerial, financial, or other capabilities which are considered necessary for the successful performance of the contract.

B. Bid Acceptance.

Each bid is to be submitted with the understanding that the acceptance in writing by the KCATA of the bid to furnish the materials and services, or any part thereof, described therein shall constitute a contract between the bidder and the KCATA which shall bind the bidder on its part to furnish and deliver at the price given and in accordance with the terms and conditions of said accepted bid and KCATA's contract included as Attachment A.

C. Unbalanced Bid.

The Authority may determine that a bid is non-responsive if the prices proposed are materially unbalanced. A bid is materially unbalanced when it is based on prices significantly less than cost or prices significantly overstated relative to cost.

D. Bid Award.

1. The procurement shall be awarded on the basis of the lowest responsive bidder complying with all the conditions of the bids, specifications, and instruction. The KCATA reserves the right to award any or all items of the bid or not to award at all.

2. In the case of multiple line items, the KCATA reserves the right to award the entire bid to one bidder, or to split the award of the items to multiple bidders.
3. If awarded at all, the bid may be awarded to the bidder whose total price is lowest, whose bid is responsive to the invitation thereof, and who is determined to be technically and financially responsible to perform as required. **Conditional bids and any bid taking exception to these instructions or conditions, to the contract terms/conditions or specifications, or to other contract requirements shall be considered non-responsive and shall be rejected.**

E. Purchase Order and/or Contract.

- A. Upon acceptance and award of a bid by KCATA, a purchase order or contract shall be issued thereon and shall constitute a contract for furnishing the items described in the bid in strict conformity with the specifications and bid conditions.
- B. The purchase order or contract shall be considered as made in Kansas City, Missouri, and the construction and enforcement of it shall be in accordance with the laws of the State of Missouri except those pertaining to conflicts of law.
- C. Upon receipt of all contractually required documents, KCATA shall issue a written Notice to Proceed to the Contractor authorizing the work to begin on a date which is on or after the effective date. The Contractor shall not start the performance of any work prior to the date set forth in the Notice to Proceed and KCATA shall not be liable to pay the selected Proposer for any service or work performed or expenses incurred before that date. No KCATA employee or Board member has the authority to verbally direct the commencement of any work under the contract.
- D. KCATA expressly reserves the right to order contracted items from a third party when it is in KCATA's best interest.

KCATA reserves the right and shall be at liberty to inspect all products, equipment or materials and workmanship at any time during the Contract term, and shall have the right to reject all materials and workmanship which do not conform with the conditions, Contract requirements or specifications; provided, however, that KCATA is under no duty to make such inspection, and Contractor shall (notwithstanding any such inspection) have a continuing obligation to furnish all products, services, equipment or materials and workmanship in accordance with the instructions, Contract requirements and specifications. Until delivery and acceptance, and after any rejections, risk of loss will be on the Contractor, unless loss results from negligence of KCATA.

3. ASSIGNMENT

6. CHANGES

KCATA may at any time, by a written order, and without notice to the Contractor, make changes within the general scope of this Contract. No such changes shall be made by the Contractor without prior written approval by KCATA. Contractor also agrees to comply with any implementing requirements FTA may issue.

D. Contractor understands that it is required to include this Article in all subcontracts. Failure by the Contractor to carry out these requirements or to include these requirements in any subcontract is a material breach of this Contract, which may result in the termination of this Contract or such other remedy as the KCATA deems appropriate, including but not limited to withholding monthly progress payments and/or disqualifying the Contractor from future bidding as non-responsible.

8. CONFLICTS OF INTEREST (ORGANIZATIONAL)

In accordance with 2 C.F.R. § 200.112, the Contractor certifies that it has no other activities or relationships that would make the Contractor unable, or potentially unable, to render impartial assistance or advice to KCATA, or that would impair the Contractor’s objectivity in performing work under this Contract, or that would result in an unfair competitive advantage to Contractor or to another third party performing the Project work.

9. CONTRACTOR’S PERSONNEL

All of the services required hereunder shall be performed by the Contractor or under its supervision and all personnel engaged in the services shall be fully qualified and authorized under state and local law to perform such services. - G. KCATA reserves the right to review the Contractor's written agreement with its subcontractors (DBE and non-DBE) to confirm that required federal contract clauses are included.
- H. KCATA may perform random audits and contact minority subcontractors to confirm the reported DBE participation.

32. SUSPENSION OF WORK

KCATA may order the Contractor, in writing, to suspend, delay, or interrupt all or any part of the work under this agreement for the period of time that KCATA determines appropriate for the convenience of KCATA.

33. TERMINATION

- A. **Termination for Convenience.** The KCATA may terminate this Contract, in whole or in part, at any time by written notice to the Contractor when it is in KCATA's best interest. The Contractor will only be paid the Contract price for supplies delivered and accepted, or work or services performed in accordance with the manner of performance set forth in the Contract.
- B. **Funding Contingency.** If this Contract is subject to financial assistance provided by the U.S. Department of Transportation, the Contractor agrees that withdrawal or termination of such financial assistance by the U.S. DOT may require KCATA to terminate the agreement.
- C. **Termination for Default.**
 - 1. If the Contractor does not deliver supplies in accordance with the contract delivery schedule or according to specifications, or if the Contract is for services, and the Contractor fails to perform in the manner called for in the Contract, or if the Contractor fails to comply with any other provisions of the Contract, KCATA may terminate this Contract for default. Termination shall be effected by serving a notice of termination on the Contractor setting forth the manner in which the Contractor is in default. The Contractor will only be paid the contract price for supplies delivered and accepted, or services performed in accordance with the manner of performance set forth cost of the Contract.
 - 2. If the termination is for failure of the Contractor to fulfill the contract obligations, KCATA may complete the work by contract or otherwise and the Contractor shall be liable for any additional cost incurred by KCATA. If, after termination for failure to fulfill contract obligations, it is determined that the Contractor was not in default, KCATA, after setting up a new delivery or performance schedule, may allow the Contractor to continue work, or treat the termination as a termination for convenience.
- D. **Opportunity to Cure.** KCATA in its sole discretion may, in the case of a termination for breach or default, allow the Contractor an appropriately short period of time in which to cure the defect. In such case, the written notice of termination will state the time period in which cure is permitted and other appropriate conditions. If Contractor fails to remedy to KCATA's satisfaction the breach or default of any of the terms, covenants, or conditions of this Contract within the time period permitted, KCATA shall have the right to terminate the Contract without any further obligation to Contractor. Any such termination for default shall not in any way operate to preclude KCATA from also pursuing all available remedies legal and non-legal against Contractor and its sureties for said breach or default.

- E. **Waiver of Remedies for any Breach.** In the event that KCATA elects to waive its remedies for any breach by Contractor of any covenant, term or condition of this Agreement, such waiver by KCATA shall not limit KCATA's remedies for any succeeding breach of that or of any other term, covenant, or condition of this Agreement.
- F. **Property of KCATA.** Upon termination of this Contract for any reason, and if the Contractor has any property in its possession or under its control belonging to KCATA, the Contractor shall protect and preserve the property or pay KCATA full market value of the property, account for the same, and dispose of it in the manner KCATA directs. Upon termination of this Contract for any reason, the Contractor shall (1) immediately discontinue all services affected (unless the notice directs otherwise), and (2) deliver to KCATA's Project Manager all data, drawings, specifications, reports, estimates, summaries, and other information and materials accumulated in performing this Contract, whether completed or in process.

34. TEXTING WHILE DRIVING AND DISTRACTED DRIVING

Consistent with Executive Order No. 13513, "Federal Leadership on Reducing Text Messaging While Driving," October 1, 2009, 23 U.S.C. Section 402 note, and U.S. DOT Order 3902.10, "Text Messaging While Driving," December 30, 2009, the Contractor agrees to promote policies and initiatives for its employees and other personnel that adopt and promote safety policies to decrease crashes by distracted drivers, including policies to ban text messaging while driving, and to encourage each subcontractor to do the same.

35. UNAVOIDABLE DELAYS

- A. A delay is unavoidable only if the delay was not reasonably expected to occur in connection with or during the Contractor's performance, and was not caused directly or substantially by acts, omissions, negligence, or mistakes of the Contractor, the Contractor's suppliers, or their agents, and was substantial and in fact caused the Contractor to miss delivery dates and could not adequately have been guarded against by contractual or legal means.
- B. **Notification of Delays.** The Contractor shall notify the Director of Procurement as soon as the Contractor has, or should have, knowledge that an event has occurred which will cause an unavoidable delay. Within five (5) days, the Contractor shall confirm such notice in writing, furnishing as much as detail as is available.
- C. **Request for Extension.** The Contractor agrees to supply, as soon as such data is available, any reasonable proof that is required by the Director of Procurement to make a decision on any request for extension. The Director of Procurement shall examine the request, and any documents supplied by the Contractor and shall determine if the Contractor is entitled to an extension and the duration of such extension. The Director of Procurement shall notify the Contractor of its decision in writing.
- D. It is expressly understood and agreed that the Contractor shall not be entitled to damages or compensation and shall not be reimbursed for losses on account of delays resulting from any cause under this provision, except to the extent the Contractor's delay was attributable to KCATA's non-performance of its duties herein.

36. WARRANTY

- A. The Contractor agrees that equipment, materials, or services furnished under this Agreement, shall be covered by the most favorable warranties the Contractor gives to any customer of such equipment, materials, or services and that the rights and remedies provided herein are in addition to and do not limit any rights afforded to KCATA by any other clause in this Contract.
- B. The Contractor warrants to KCATA, that all products, equipment, and materials furnished under this Contract will be of highest quality and new unless otherwise specified by KCATA, free from faults and defects in workmanship or materials, merchantable, suitable for its intended purpose and in conformance with the Contract. All work not so conforming to these standards shall be considered defective. If required by KCATA, the Contractor shall furnish satisfactory evidence as to the kind and quality of products, equipment, and materials. Further, at a minimum, all such products, equipment or materials must be merchantable, comply with all applicable specifications and laws and be suitable for its intended purposes. Workmanship must be the best obtainable in the various trades.
- C. The work must be of safe, substantial, and durable construction in all respects. The Contractor hereby guarantees the work against defective materials or faulty workmanship for a minimum period of one (1) year after final payment by KCATA and shall replace or repair any defective products, equipment or materials or faulty workmanship during the period of the guarantee at no cost to KCATA.
- D. Upon final acceptance by KCATA of all work to be performed by the Contractor, KCATA shall notify the Contractor in writing. The date of final acceptance shall commence the warranty period.

37. FTA REQUIRED CLAUSES

- A. **Changes to Federal Requirements.** Contractor shall at all times be aware and comply with all applicable Federal Transit Administration regulations, policies, procedures, and directives, including without limitation, those listed directly or by reference in the Agreement between the Authority and FTA (FTA MA (31) dated May 2, 2024), as they may be amended or promulgated from time to time during the term of this Contract. Contractors' failure to so comply shall constitute a material breach of this Contract. Contractor agrees to include this clause in all subcontracts at any tier. It is further agreed that the clause shall not be modified, except to identify the subcontractors who will be subject to its provisions.
- B. **Debarment and Suspension Certification.**
 - 1. The Contractor shall comply and facilitate compliance with U.S. DOT regulations "Nonprocurement Suspension and Debarment," 2 C.F.R. Part 1200, which adopts and supplements the U.S. Office of Management and Budget & U.S. OMB) "Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement)," 2 C.F.R. part 180.
 - 2. The Contractor, its principals, and any affiliates, shall certify that it is not included in the "U.S. General Services Administration's List of Parties Excluded from Federal Procurement or Non-procurement Programs," as defined at 49 CFR Part 29, Subpart C.

3. The Contractor agrees to refrain from awarding any subcontract of any amount (at any tier) to a debarred or suspended subcontractor, and to obtain a similar certification from any subcontractor (at any tier) seeking a contract exceeding \$25,000.
4. The Contractor agrees to provide KCATA a copy of each conditioned debarment or suspension certification provided by a prospective subcontractor at any tier, and to refrain from awarding a subcontract with any party that has submitted a conditioned debarment or suspension certification until FTA approval is obtained.

C. Disadvantaged Business Enterprise (DBE).

1. It is the policy of KCATA and the United States Department of Transportation (USDOT) that Disadvantaged Business Enterprises (DBE's), as defined herein and in the Federal regulations published as 49 CFR Part 26, shall have an equal opportunity to participate in DOT-assisted contracts. It is also the policy of KCATA to:
 - a. Ensure nondiscrimination in the award and administration of DOT-assisted contracts.
 - b. Create a level playing field on which DBE's can compete fairly for DOT-assisted contracts.
 - c. Ensure that the DBE program is narrowly tailored in accordance with applicable law.
 - d. Ensure that only firms that fully meet 49 CFR Part 26 eligibility are permitted to participate as DBE's.
 - e. Help remove barriers to the participation of DBEs in DOT assisted contracts.
 - f. To promote the use of DBEs in all types of federally assisted contracts and procurement activities; and
 - g. Assist in the development of firms that can compete successfully in the marketplace outside the DBE program.
2. This Contract is subject to the requirements of Title 49, Code of Federal Regulations, Part 26, Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs. The national goal for participation of Disadvantaged Business Enterprises (DBE's) is 10 percent. *KCATA's overall goal for DBE participation is 23.3 percent.*
3. The Contractor shall not discriminate on the basis of race, color national origin, or sex in the performance of this Contract. The Contractor shall carry out applicable requirements of 49 CFR. Part 26 in the award and administration of this DOT-assisted contract. Failure by the Contractor to carry out these requirements is a material breach of this Contract, which may result in the termination of this Contract or such other remedy as KCATA deems appropriate. Each subcontract the Contractor signs with a subcontractor must include the assurance in this paragraph (see 49 C.F.R. 26.13(b)).
4. The Contractor may not substitute, remove, or terminate a DBE subcontractor without KCATA's prior written consent. Written consent of termination may only be given if the

Contractor has demonstrated good cause. Before submitting its request to terminate or substitute a DBE subcontractor, the Prime Contractor must give notice in writing to the DBE subcontractor, with a copy to KCATA, of its intent to request to terminate and/or substitute, and the reason for the request. The Contractor must give the DBE five days to respond to the Contractor's notice and advise KCATA and the Contractor of the reasons, if any, why it objects to the proposed termination of its subcontract and why KCATA should not approve the Contractor's action. If required in a particular case as a matter of public necessity (e.g., safety), the response period may be shortened.

a. Good Cause. Good cause includes the following circumstances:

- 1) The listed DBE subcontractor fails or refuses to execute a written contract; or
- 2) The listed DBE subcontractor fails or refuses to perform the work to its normal industry standards. Provided, however, that the good cause does not exist if the failure or refusal of the DBE subcontractor to perform its work on the subcontract results from the bad faith or discriminatory action of the Prime Contractor; or
- 3) The listed DBE subcontractor fails or refuses to meet the Prime Contractor's reasonable, nondiscriminatory bond requirements; or
- 4) The listed DBE subcontractor becomes bankrupt, insolvent, or exhibits credit unworthiness; or
- 5) The listed DBE subcontractor is ineligible to work on public works projects because of suspension and debarment proceedings pursuant to 2 CFR Parts 180, 215 and 1200 or applicable state law; or
- 6) The DBE subcontractor is not a responsible contractor; or
- 7) The listed DBE subcontractor voluntarily withdraws from the project and provides the Prime Contractor written notice of its withdrawal.
- 8) The listed DBE is ineligible to receive DBE credit for the type of work required.
- 9) A DBE owner dies or becomes disabled with the result that the listed DBE contractor is unable to complete its work on the contract.
- 10) Other documented good cause that compels KCATA to terminate the DBE subcontractor. Provided the good cause does not exist if the Prime contractor seeks to terminate a DBE it relied upon to obtain the contract so that the Prime Contractor can self-perform the work for which the DBE contractor was engaged or so that the Prime Contractor can substitute another DBE or non-DBE contractor.

b. Before submitting its request to terminate or substitute a DBE subcontractor, the Prime Contractor must give notice in writing to the DBE subcontractor, with a copy to KCATA, of its intent to request to terminate and/or substitute, and the reason for the

request. The Prime Contractor must give the DBE five days to respond to the Prime Contractor's notice and advise the KCATA and the Contractor of the reasons, if any, why it objects to the proposed termination of its subcontract and why KCATA should not approve the Prime Contractor's action. If required in a particular case as a matter of public necessity (e.g., safety), the response period may be shortened.

- D. **Disclaimer of Federal Government Obligation or Liability.** The Contractor, and any subcontractors acknowledge and agree that, notwithstanding any concurrence by the Federal Government in or approval of the solicitation or award of this contract, absent the express written consent by the Federal Government, the Federal Government is not a party to this contract and shall not be subject to any obligations or liabilities to the Contractor, or any other party (whether or not a party to this Contract) pertaining to any matter resulting from this Contract. Examples of such products may include, but are not limited to, products described in U.S. Environmental Protection Agency guidelines at 40 CFR Part 247, which implements Section 6002 of the Resource Conservation and Recovery Act, as amended (42 U.S.C. 6962), and Executive Order 12873. The Contractor also agrees to include these requirements in each subcontract at every tier receiving more than \$10,000.
- F. **Prohibition of Certain Telecommunications and Video Surveillance Equipment.** Contractor represents that it is and will be compliant at all times with Section 889 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019, Pub. L. 115-232 (August 13, 2018), and will not provide

telecommunications and/or video surveillance services or equipment to the KCATA in the performance of any contract, subcontract or other contractual instrument resulting from a solicitation or RFP that have been manufactured by a supplier (including any subsidiary or affiliate of those entities) that is considered prohibited or not approved under this regulation. This statute is not limited to entities that use end-products produced by those companies; and also covers the use of any equipment, system, or services that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system.

In addition to other penalties that may be applicable, the Contractor further acknowledges that if it makes a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986 on the Contractor to the extent the Federal Government deems appropriate.
2. The Contractor also acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification to the Federal Government in connection with this Contract, the Government reserves the right to impose on the Contractor the penalties of 18 U.S.C. § 1001 and 49 U.S.C. § 5307(n)(1), to the extent the Federal Government deems appropriate.

All contractual provisions required by DOT, as set forth in FTA Circular 4220.1F or any revision thereto, are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FTA mandated terms shall be deemed to control in the event of a conflict with other provisions contained in the Contract.
